

Iopex 2018

Operational Excellence is the cultural transformation and technical enablement of business that aligns the management of people, processes and assets with key metrics and strategic objectives. Successful operational excellence strategy pursues continuous improvements in process, capacity building, asset integrity management, innovation & business architecture, helping organizations rise above disruptors and thrive in the years ahead. Bringing together over 200 Heads of Operations, Asset management, HSE, Sustainability, Human Capital, Operational Risk and Operational Excellence from leading organizations under one roof. The concurrent exhibition would showcase global technology & equipment suppliers displaying the latest in equipment, technology, services & solutions for the industry.
