

EICMA 2018 is one of the largest International Motorcycle Exhibition. This event will be continuing for the duration of four days in Milano, Italy. The fair will provide even more, and more effective, ways for the companies displaying their products to meet with motorcycle industry buyers from all over the world, with a view to offering new stimuli, promoting business dealings and creating opportunities for growth on a 360-degree basis. Apparel, accessories and parts manufacturers will be able to get in touch with the world's top buyers, as identified by them and by us, and get together in B2B meetings. More and more exhibitors will exhibit their latest and advanced products and services such as Automobile Springs, Automotive Meters, Motorcycle Wheels And Tires, Automobile Starting System, Motorcycle Chassis, Motorcycle Suspension And Steering, Automobile Transmission System, Motorcycle Apparel And Helmets, Automotive Gaskets And Seals, Automotive Fluids And Greases, Motorcycle Electrical Parts, Automotive Washers, Automobile Frames, Motorcycle Engine Parts and more.
