

AsiaMold 2019 is an International Trade Fair for Mold making and Tooling, Design and Application Development. AsiaMold 2019 is going to be held on 10-12 March 2019 at China Import and Export Fair Complex, Guangzhou, China. Asiamold continues to be the leading regional platform for mould and die specialists to meet their sourcing needs for new innovations within the industry. Products are Precision moulds, Plastics moulding, Die and casting moulds, Injection moulding, Tools and precision tools, auxiliary, Pattern-making & prototyping, Rapid manufacturing, Progressive die, Hot stamping, Tool and mould-making consulting, Design, simulation, visualization, Mould development and engineering, Virtual reality, Production technology & inspection, Measuring machines, CAD/CAM, Additive Manufacturing, Die-casting equipments, Die-casting/ foundry raw and supplementary materials, Industrial automation technology, Mold & die technology, Foundry equipment and industrial furnace technology, Metal cutting machine tools, metal forming machine tools, special processing machine tools, honing, grinding, polishing, ultra-precision machine tools, other machine tools, metal working and manufacturing support equipments, metal material.
