

Houstex Expo 2019 has brought together manufacturing equipment buyers and sellers to interact and discuss production issues. These face-to-face interactions allow Texas manufacturers to see the latest technology in action and build trust in their suppliers. The event is going to held on 26-28 Feb 2019 at George R. Brown Convention Center, Houston, United States of America. Manufacturing is experiencing a tremendous expansion of growth and innovation. The show provides the means to fuel and strengthen that expansion. It is an immersive experience, featuring hundreds of exhibitors highlighting the latest manufacturing technologies, and new interactive opportunities. Attendees will enjoy scores of new product demonstrations, hear experts share insights on industry trends, and make connections that can take their company to the next level. Profile for exhibit include Turning Machines, Milling Machines, Boring Machines, Drilling and Tapping Machines, Grinding Machines, Gear cutting machines, Modular machines & modular units, Metal Forming Machine, Non-traditional machining and special purpose machines, FMC/FMS & automatic devices, Machine tool components and auxiliary equipments such as Numerical control systems, machine tool apparatus, Abrasive, cutting tools, tooling, Inspection, measuring equipments
